

## JOB DESCRIPTION

### LOCATION:

**Zwolle, Netherlands**

### SAP FICO BUSINESS PROCESS EXPERT

**For our newly formed IT team we are looking for a SAP FICO Business Process Expert with good knowledge of SAP BW. Further SAP modules would be seen as a plus. The BPE works closely with our users and stakeholders to ensure service delivery and process optimization. Actively involved in the managed operations and change management processes as well as in system customization and coordination with external suppliers.**

**The job requires working with an extensive business community and provide solutions promptly in a challenging and dynamic environment. You will work in an international and multi-disciplinary team.**

### POSITION

- Supports the business in daily operations, process improvements and legal changes
- Facilitate business and Business Process Owner (BPO) by providing in-depth SAP and process knowledge
- Takes preventive and corrective actions needed for the correct functioning of the systems
- System customization and/or coordination with external providers
- Support Key Users with combined process / SAP knowledge and organize key user meetings to exchange experience and know-how and facilitates collective learning
- Execute, schedule and monitor functional activities
- Coordinate the change management process: gather requirements, prepare design documents, align with external suppliers, coordinate testing, delivery, monitoring, follow-up etc.
- Prepare testing documents, standard operating procedures, business blue prints and ensures the updated content
- Manage projects and initiatives around SAP FICO
- Organize, prepares and chairs meetings: e.g. service meetings, requirements gathering, governance, status etc.
- Prepares and conducts (key) user trainings and coaching and monitors progress
- Analyses and explores the specific business processes and information systems for further improvements and support
- Monitor correct use of SAP
- Monitor correct master data management
- Build relationships at all relevant levels to facilitate long term user satisfaction
- Limited travel to Europe and China required

CONFIDENTIAL

## WE LOOK FOR

- All rounded SAP consultant with previous experience as BPE, Business Analyst or Project Manager in international companies
- You have a bachelor degree with at least 3 years of experience with SAP FICO and SAP BW (preffered) and/or other SAP modules
- At least 2 full cycle implementation as SAP Consultant
- Affinity for any of the following SAP modules is a plus: Plant Maintenance, Logistics, Order to Cash
- Very good knowledge of FICO processes including internal control related aspects
- Very good interpersonal and communication skills with excellent customer service and “can do” mentality
- Able to understand and investigate topics related to multiple business areas
- Analytically minded and methodical problem solver
- SAP FICO Certification is a plus
- Experience working within a multi-cultural environment
