

## JOB DESCRIPTION

### LOCATION:

**Zwolle, Netherlands**

### ICT COORDINATOR

**For our new to be formed ICT Team we are looking for an ICT Coordinator.**

**The job requires working with different stakeholders on different sites in different countries and to be able to provide solutions promptly in a dynamic environment. You will work in an international environment and will report directly to the Head of ICT Aliancys.**

### POSITION

- Coordination of strategic IT projects with the Head of IT and external partners
- Advising internal customers and developing suggested solutions
- Troubleshooter First Level Support
- As a business IT service provider, you coordinate customer requirements and clarify their feasibility
- Assist the Manager IT Operations in the preparation of the budget
- Cooperation in the continuous improvement of IT security
- If necessary, help with cross-sectoral work, such as in Business Application Management
- Constantly adapting the IT infrastructure to the changing needs of everyday business
- Life of the company philosophy (Circle of Trust)
- Full time position

### WE LOOK FOR

- Education as a computer scientist with several years of professional experience
- Career jumper with an IT-specific education and at least 5 years of experience
- Experience in business-integrated IT service
- First experience in implementing smaller IT projects
- Very good knowledge of SharePoint features, architecture and customization
- Experience with MS Dynamics CRM would be seen as a plus.
- Ability to quickly grasp the customer's concerns and find the right solutions by bringing together the necessary resources
- Considered personality with a high level of service awareness
- Good network thinking with the ability to prioritize properly
- Very good interpersonal and communication skills with excellent customer service and "can do" mentality
- Pro-active attitude
- Language: Dutch, English
- Experience with SAP is an advantage

CONFIDENTIAL
